Application Fee

All applications attract a non-refundable application fee. Applications submitted online will cost A\$75, paper applications will cost A\$100. The fee must accompany the application. Tuition Fees

The indicative annual tuition fees listed here are for your guidance only, as the actual tuition fee you will pay will depend on the courses you choose and the number of units required to complete your program successfully. Prices quoted in this schedule are for 2010 and are generally for a standard full time (48 unit) load if you commence your program in First Semester (February) 2010 and choose courses entirely in the discipline area of your program. For a full explanation of how tuition fees are calculated please refer to the General Information section at the back of this schedule. (Points 1-3)

Tuition fees may change from year to year. However students continuing in their current program will have any fee increases capped at 5% (compounded annually) of the annual tuition fee applicable in the year of admission to the program.

Some programs have additional compulsory costs (eg. Field trips, books, equipment). These are NOT included in the tuition fees. More information is available from the ANU College concerned.

Payment Method

Please note that we do not accept travellers cheques or cheques in foreign currency. All cheques must be made in Australian dollars only.

Note: Tuition fees do not include the Overseas Student Health Cover (OSHC) premium.

INFORMATION FOR INTERNATIONAL STUDENTS

Application Fee

All applications attract a non-refundable application fee. Applications submitted online will cost A\$75, paper applications will cost A\$100. Your application will not be assessed until the application fee has been received. You may pay the fee with a credit card (Master card or Visa only). If this option is not available to you for payment you may send a Bank draft (international cheque) made out in Australian dollars to The Australian National University. Foreign currency cheques will not be accepted.

1. Unavailability of Program

If the University is unable to offer a program for which you have paid tuition fees or a tuition deposit, those fees or deposit will be repaid to you in full.

2. General Information on the Calculation of Tuition Fees

- 2.1 International Student Program fees listed in this schedule are indicative only and are meant to be a guide to the approximate cost of the program in which you enrol. The actual tuition fee will be determined by the courses in which you enrol as part of your Program (see 3.1). Student tuition fees are published on a price point basis per unit. Each course (i.e. subject or class) is made up of units. A typical course is made up of six units. You can find the exact fee for each course at <http://info.anu.edu.au/studyat>.
- 2.2 Tuition fees are applicable for a calendar year. If you begin a program that goes beyond a calendar year (eg. a three semester - 1.5 year program or Summer Session (January – March) and the tuition fee rises in the new calendar year, you will be liable for additional costs. However, providing you remain in the same program, your fees will increase by no more than 5% per year (compounded) from your year of admission to the program.
- 2.3 International Student Fees (except for research program fees) are set at a particular 'Price Point'. Price Points are the cost for a single unit course. Price points represent the actual cost to deliver a course so that you can expect the Price Points for Engineering, Science and Medicine to be higher than those for Arts and Law. The 2010 cost to you for a normal 6 unit course will therefore range between A\$2,676.00 for most undergraduate Arts courses (an annual cost of A\$21,408.00, assuming you only take the standard 8 Arts courses a year), to A\$3,096.00 for most undergraduate Science or Engineering courses (an annual cost of A\$24,768.00 assuming you only take undergraduate Science or Engineering courses).
- 2.4 Award programs at the ANU have a lot of flexibility and students are encouraged to take courses in other areas. You can also study in a wide range of combined programs. Remember that you may be charged at a different rate depending on your actual course enrolment. For example, even if you are enrolled in a BA, you may choose to study Geography. Geography is classified as a Science course and you will therefore be charged A\$3,096.00 for each Geography course you take even though most of your undergraduate Arts courses will be charged at A\$2,676.00 each.
- 2.5 International Student Fees are set each year and the University expects to publish the tuition fees for the following calendar year by no later than October of the previous year. You should check each year to see whether there has been a change in fees for your program but whatever the change, you will not be charged an increased fee greater than 5% in any year (compounded from the year of admission to the program). If fees are reduced, you will, of course, pay the reduced fee. If you change your program of study, you will pay the fee for the new program that applies in that year.
- 2.6 If your fees are being paid by a sponsorship or scholarship which ends before your program is completed, you will become personally liable for paying the tuition fees for the remainder of your program.
- 2.7 While most students are enrolled in two standard semesters (First & Second semester) or four non-standard sessions (Summer, Autumn, Winter, Spring), it is possible that coursework students may be enrolled in up to six sessions and receive an invoice for each session. The invoice schedule is normally
Summer – January, February and March
First Semester – February/March
Autumn – April, May and June
Winter – July, August and September
Second Semester – July/August
Spring – October, November and December

These dates should be seen as a guide only.

- 2.8 You should consult the Student Enrolment and Administrative Procedures (SEAP) Guide for information about payment dates, fees and related information at www.anu.edu.au/sas/studentadmin/seapguide/index.php.
- 2.9 Every effort has been made to provide you with an accurate list of Programs. The University retains the right to amend program availability, structure and content as necessary.

3. Students who Transfer to a New Program

If you change your program of study – for example, if you transfer from a BA to a BSc or move from a Graduate Diploma to a Master degree, or from one Master degree to another Master degree – you must pay the fees for the new program as set for the year in which you are admitted to the program. ie. If there is an increase of fees for that year you will be liable for the full increase not the 5% capped fee.

4. Fee Information for Undergraduate and Graduate Coursework Students

- 4.1 The indicative annual tuition fees stated in this schedule are published for your guidance only and are based on you taking the normal annual (two semester) full-time enrolment of 48 units entirely in the discipline area of your degree: ie. only science courses for a BSc or only Arts courses for a BA. For undergraduate students the 48 units (normally 24 units are taken each semester) are usually made up of 8 courses, each of six units. Graduate coursework students should refer to the schedule for the unit value of programs.
- 4.2 If you take more than 48 units in a year, you will pay more than the indicative annual tuition fee. If you take less than the standard full-time load, you will pay less (unless you are enrolled in a program based fee). The same may happen if you take courses from another discipline area as part of your award.
- 4.3 Students who undertake a full-time Summer Session as well as the standard annual two semester enrolment will probably complete a further 24 units. The courses you take in Summer Session will be an additional cost to the annual indicative 2010 tuition fee.
- 4.4 A deposit for a program must be paid before an electronic Confirmation of Enrolment (eCoE) can be issued, unless the fees are being paid on your behalf by a sponsor or you hold a scholarship which includes the tuition fee. You need an eCoE to apply for a student visa. The amount of the deposit will be included in the offer letter you receive from the University.
- 4.5 The remaining balance of your semester fees must be paid by the third Friday of each semester, or the nominated date in a non-standard teaching session.
- 4.6 All students, including students from overseas, may have to pay incidental costs for their studies such as the hire of laboratory kits and the purchase of notes and/or reading bricks. These costs are paid when they are incurred and not when your tuition fees are due. Your tuition fees do not include living expenses.

5. Fee Information for Graduate Research Students

- 5.1 Research tuition fees will be payable by the third Friday of each semester.
- 5.2 A deposit must be paid before an electronic Confirmation of Enrolment (eCoE) can be issued, unless the fees are being paid on your behalf by a sponsorship or scholarship. You need an eCoE to apply for a student visa. The amount of the deposit will be included in the offer letter you receive from the University. You will be invoiced for the balance of the semester's tuition fees after enrolment.

6. Visa Requirements

- 6.1 You are legally required to keep the University informed of your current address at all times. If you fail to do this you will be in breach of student visa requirements.
- 6.2 Except in special circumstances, you are required as a condition of your visa to remain enrolled as a full time student in 100% study load. You must obtain permission from the University to enrol in more or less than 100% full-time study load in each semester.
- 6.3 You must inform the Office of Policy and Regulation about any variation in your enrolment. This includes Program Leave, Program Transfer and Withdrawal. Retrospective applications will not be accepted.
- 6.4 For further information please refer to "ESOS and You" available at http://info.anu.edu.au/studyat/International_Office/student_life/_esos.asp

7. Overseas Student Health Cover (OSHC)

- 7.1 It is a requirement of your visa that you enrol in and maintain Overseas Student Health Cover (OSHC) each year for the duration of your student visa. In your first 12 months the University will automatically enrol you in the OSHC provided by WorldCare Assist. Your OSHC Premium (except for exchange and cross-institutional students) will be charged at the annual rate set by WorldCare Assist and collected as part of your fees invoice. Other health insurance providers also offer OSHC. If you choose to select a health insurance provider other than the University's nominated provider (WorldCare Assist) you may request a refund of the basic WorldCare Assist OSHC premium collected with your fees. You must provide evidence that you have enrolled in, and have paid the premium to the other health insurance provider before a refund is approved.
