

# Unit Selection Worksheet

## Greetings from Murdoch University

In preparation for your study abroad semester at Murdoch University we would like to know what units (courses/classes) you would like to enrol in. It is very important you read the information below and give careful consideration to selecting your units.

- **You will enrol in 12 credit points or 3 – 4 units in total.**

To assist you in choosing your units please refer to the online handbook: <http://handbook.murdoch.edu.au/units/>

Many of Murdoch's units at 200 level or higher will have prerequisites. If you have selected a unit that has prerequisites or has a QUOTA please read the unit description for this unit and the unit description for each of the prerequisites. To do this follow these easy steps:

- Use the link above to go to the unit search page
  - Scroll down to the "Full Search" section.
- Then enter the relevant code and this will bring up the unit description.

If you have covered the relevant material of the prerequisites please submit course/class descriptions for the units you have completed at your home institution that you believe are equivalent.

If you do not meet Murdoch's prerequisites, you should choose an alternative unit.

**If you have selected a unit with a prerequisite it will not be assessed until course descriptions are received from your home institution, in English. Following receipt of course descriptions for prerequisites the selection is assessed by an academic responsible for the unit.**

Please **double check** the units you choose are available in the semester that you are applying to Murdoch:

Semester 1 (February – June )- look for **S1 - internal**

Semester 2 (late July-November- look for **S2 – internal**

in the Enrolment Options listed towards the top of the unit descriptions. This is the most common mistake students make when selecting units! Please choose 4 or 5 units and enter these in the table below. Please remember that they must be in PRIORITY ORDER as you will be enrolled from selection number 1 onwards.

Name:

	Unit Code and Title	Prerequisites (Yes or No)
1		
2		
3		
4		
5		
6		
7		
8		

Please remember to submit this with your application and also submit relevant background course descriptions of classes taken at your home University which show you meet the pre-requisites.

We will endeavour to respond as soon as possible, however please be advised that where units with prerequisites are involved it can take some time to assess. You will be notified of your unit approvals as they are assessed and approved by the Accreditation Officer.

\*\*Please note that the handbook and unit availability is subject to change.\*\*
