

ACN JOB ADVANTAGES PREMIUM INTERNSHIP AND JOB READY CERTIFICATE

Get

Ahead

ACN's strong commitment to providing our students with the highest quality career service available has now been taken two steps further with the introduction of two extremely beneficial opportunities: -

1. Premium Internship Program
2. JobReady Certificate

PREMIUM INTERNSHIP

ACN's Premium Internship service is a work experience program that will provide practical experience for our students within well known businesses of exceptional quality and brand stature based in or near Sydney. By linking our students with industry leaders and "cool brands" not only are we able to give them the opportunity to develop their practical skills through learning from the best, we will be giving participant students an opportunity to secure future employment after graduation.

ACN will be choosing one 'Premium' company for each Business major – Marketing, Financial Management, Human Resources, Accounting and Management streams.

There will be strict guidelines for students who wish to apply for a Premium Internship. The admission to this program is competitive. Students will apply directly to ACN and ACN will then choose the best and most suited students for participation.

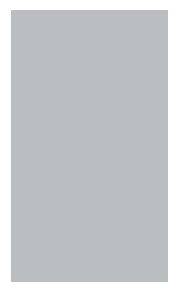

This program will start in the March 2008 semester.

See www.latrobe.edu.au/acn (see Current student / Employment services for more information on this new service and admission criteria.)

JOBREADY CERTIFICATE

ACN students can already attend free employment, "JobReady" workshops at ACN, delivered by Hudson, the multinational career development company. Now, ACN is expanding its workshops and seminars to provide a total "JobReady" Certificate. Students can use this to supplement their resume, and to demonstrate a well-rounded academic career.

For those students who wish to be eligible for the Premium Internship, securing a JobReady Certificate will be compulsory. Many of the skills learnt will be very valuable to students when applying for employment and are in key areas sought after by employers.

The table below outlines a sample of workshops from which the JobReady Certificate would be derived.

Course	Legend
Preparing for work	
Internships Explained	1
Stedmans Hospitality - How to Get Casual Job Opportunities	1
How to Look For and Apply for Jobs - Run by Hudson Talent Management	2
How to Prepare a Market Ready Resume - Run by Hudson Talent Management	2

Legend

1. Runs each semester and is not a part of the JobReady semester
2. Denotes workshops run each semester and which are mandatory for receipt of a JobReady Certificate
3. May not run each semester, but is eligible for use in credit towards a JobReady Certificate
4. Available any time - see Reception

“Both of these new initiatives have been designed to create greater employment opportunities for our students. Our additional service initiatives go beyond university study and deliberately prepares our students for the workforce; this is what helps to set us apart from some other education providers. The ACN JobAdvantage concept and services explained here do just this and we hope students will prosper from these benefits.”

Mr. Chris Patton,
Campus Director and Principal
