WELCOME TO CQUNIVERSITY

Thanks for taking the time to explore the many options available at one of Australia's great universities. I'm sure you'll be amazed at what we have to offer including a wide range of courses, a chance to study at locations right across Australia and opportunities to engage in work integrated learning.

CQUniversity is a university like no other. We are one of Australia's most engaged and most comprehensive universities when it comes to study options and geographical presence.

CQUniversity is a leader in industry engagement, which allows us to incorporate internship opportunities into some selected programs so our students can gain practical work experience and establish professional networks before graduation. CQUniversity is also heavily focused on social innovation. This concept is becoming more and more embedded within our curriculum, meaning all of our students have a chance to engage with communities, innovate and give back. In fact, so strong is CQUniversity's commitment to social innovation that we are the first and only Australian university to be recognised as a prestigious Ashoka U Changemaker Campus.

The time has never been better to explore your study or training options at CQUniversity. I have no doubt that you will find a course that will suit your needs and set you up for a satisfying, exciting and rewarding career. What's more choosing CQUniversity will also mean you are choosing a world-class university that is recognised within the top 600 universities worldwide by the Times Higher Education World University Rankings and rated five stars for inclusiveness, internationalisation and distance/online learning by the global QS Stars™ rating system.

I look forward to welcoming you to this great university in 2017!

Professor Scott Bowman
Vice-Chancellor and President
CQUniversity Australia

OUR LOCATIONS »

A CAMPUS TO SUIT YOUR LIFESTYLE

CQUniversity has a physical presence in over 20 locations Australia wide, with 11 campuses offering courses in all study levels for international students, and two campuses delivering vocational training options for the trades and services industries. Each campus has its own characteristics, catering to individual lifestyle preferences. Whether you enjoy a campus with lush parklands and a short distance away from pristine beaches; or a bustling, multicultural campus with easy access to the best of city life, you will find one that suits you.

All campuses feature modern, state-of-the-art teaching and learning facilities with well-equipped study areas as well as recreational spaces to socialise, allowing for greater integration and inclusion. There is always something happening on campus with a variety of social and cultural events for our diverse student cohort throughout the year.

ADELAIDE

Adelaide is a culturally rich city known for its festivals, food, wine and café culture set in historical architectures and parklands. Home to the Appleton Institute and other facilities including a sleep laboratory and an interactive rail simulator, our Adelaide campus is a perfect ground for research students.

BRISBANE

Located in Queensland's capital city, our Brisbane campus is in the midst of world-class galleries and shopping, a booming live music scene and a fabulous café culture – giving students the best of city living. With a dedicated student services floor, the campus offers a greater sense of support and community.

CAIRNS

Located near the beautiful Cairns Esplanade parklands, our Cairns campus boasts modern study and recreational spaces where students can enjoy natural light and spectacular sights of the waterfront. Cairns is a perfect gateway for students to explore World Heritage wonders including the Great Barrier Reef and Daintree Rainforest.

GLADSTONE

The Gladstone area is a region of diversity – tourism, community and industry co-exist in harmony, retaining an agreeable lifestyle and environment balance. Our picturesque Gladstone Marina campus is located next to the harbour and houses the University's Engineering and Environment Management Complex dedicated to engineering research and training.

NOOSA

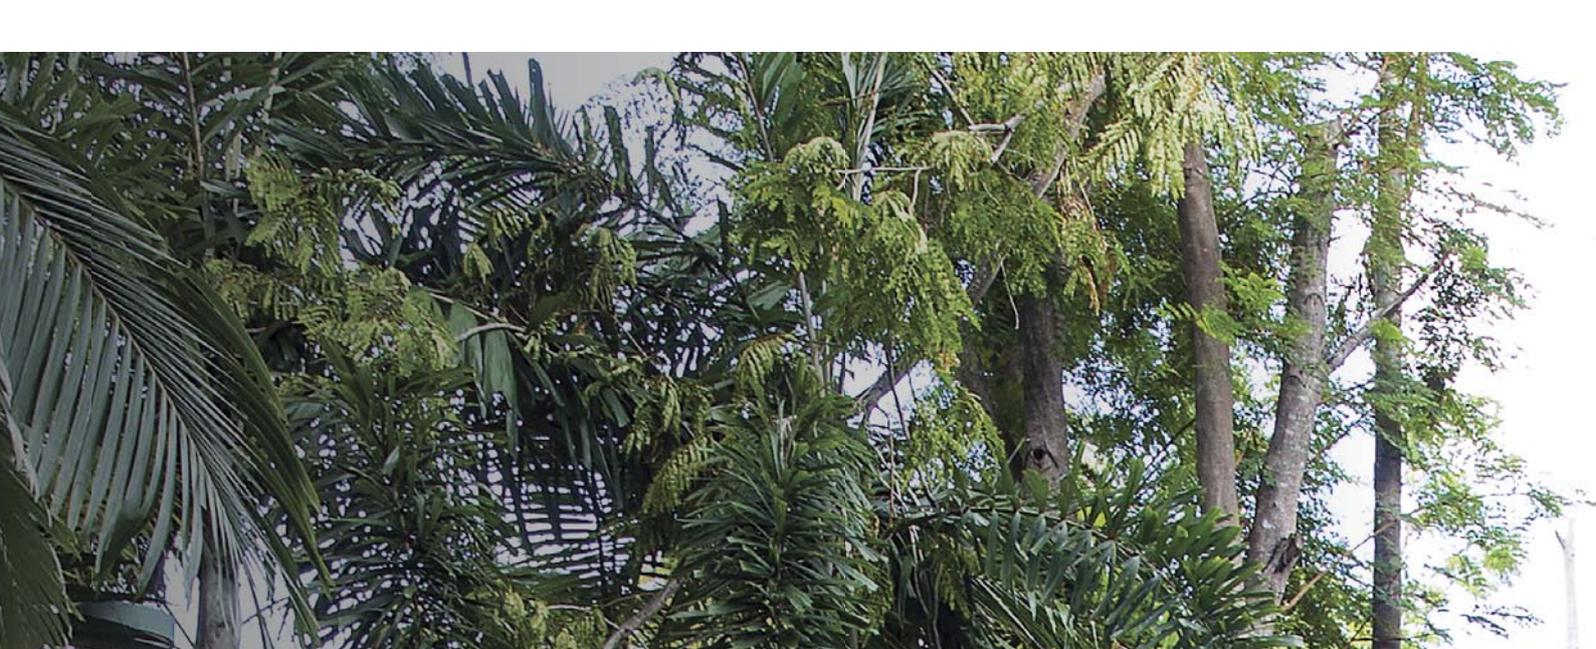

Noosa is situated on the edge of a UNESCO Biosphere Reserve, making the Noosa campus an excellent place to study conservation and the environment. The campus also offers programs in allied health and education, and practical learning is delivered through onsite clinical laboratories and collaborative learning spaces.

ROCKHAMPTON

CQUniversity's Rockhampton North campus has all the facilities and services one can expect from a renowned university. It boasts modern engineering and health precincts, sporting facilities, a student residence and a multi-faith centre. Our Rockhampton City campus is the hub for vocational delivery with 'live works' training venues for hospitality and the trades.

For more information on our locations, please visit www.cqu.edu.au/locations.

BUNDABERG

Bundaberg is located in the agricultural belt of Queensland, making it an ideal campus to study agribusiness and horticulture. The campus boasts multimedia and sound studios, and interactive electronically transmitted lectures to integrate with other campuses. It is the only campus offering courses in aviation.

MELBOURNE
Conveniently located opposite Southern Cross train station, our Melbourne campus offers students the best of everything; shopping, public transport, nightlife, laneway streetscapes, and sporting and cultural festivities. Our students enjoy the strong and inclusive student community on campus and the city's diverse cosmopolitan atmosphere.

MACKAY

Our resort-style Mackay Ooralea campus boasts modern teaching facilities, a student residence and the internationally-regarded Central Queensland Conservatorium of Music, perfect for performing arts students. Our Mackay City campus delivers vocational courses with onsite training facilities in hospitality and nursing.

SYDNEY

Located in the business and finance engine of Australia, and a short stroll to the iconic Sydney Opera House and Darling Harbour, our Sydney campus offers a large selection of courses for our diverse student cohort. Students enjoy studying in this fast-paced city and being immersed in its flourishing arts scene and cosmopolitan atmosphere.

TOWNSVILLE

CQUniversity's newest campus is located in Townsville – the largest tropical city in northern Queensland, approximately four hours driving distance south of Cairns. The region is home to scenic rainforests and unspoilt beaches; and a gateway to the delightful Magnetic Island, the Great Barrier Reef and the Whitsundays.

STUDYING AT CQUNIVERSITY

STUDY MODES

Our courses are delivered on campus and/or by distance education study modes. You can also undertake a blend of the two study modes provided you meet specific requirements as detailed below.

ON-CAMPUS

If you are in Australia on a student visa you must study full time on campus. Whilst in Australia, you are able to undertake some units within your course by distance education/online provided it is: no more than 25 percent of your entire course; approved by the University; and not entirely by distance education/online in a compulsory term.

DISTANCE EDUCATION

Distance education courses are delivered off campus and only available to international students who do not live in Australia. If you wish to study by distance education, please note that you can study part time or full time; and may be required to attend a residential school in Australia for a short period of time to fulfil the requirements of your course.

Benefits of Distance Education

We offer a wide range of courses completely by distance education. As you are not required to attend regular classes on campus, you will have more flexibility to study at your own pace at home, work or wherever you can access the Internet. Apart from the flexibility, you will also benefit from:

- » Our strong track record in offering quality distance education courses to thousands of students
- » Our five star rating for Online/Distance learning (QS Stars™ 2015)
- » Access to advanced online learning technologies and specialist staff
- » Full-time or part-time study load
- » Save over AU\$18 000* per year on living expenses (based on the Department of Immigration and Border Protection's financial requirements).

Specialist Support

We have put in place a network of experienced staff and support services that are available for use at any time from wherever you might be studying. Some of these support services include:

- » electronic library
- » study material provided in hard copy or online
- » access to recorded lectures online and lecturers who guide and support you
- » study groups and online discussion forums
- » weekend or online orientation sessions.

TEACHING METHODS

We use a variety of teaching methods, ranging from face-to-face interactions in lectures, tutorials and study groups, to online delivery of units. Whether you study on campus or by distance education, there will be avenues for interactions with lecturers, tutors and fellow students to enrich your learning experience. You are encouraged to ask questions and express your views during discussions and presentations.

Our small class sizes ensure that you have more one-on-one interaction with your lecturers and tutors who will monitor your academic progress. Assessment may take a variety of forms including written and practical tests, online quizzes, participation in group discussions and final examinations at the end of each term. Some units may involve supervised off-campus work placements which form a large part of the unit's content and assessment.

FULL OR PART-TIME STUDY

For an undergraduate degree, a standard full-time load consists of four units per term. If you live in Australia on a student visa you must study full time for the duration of your course. Part-time study is only available to international students who do not live in Australia. A part-time study load consists of one or two units per term.

THREE TERMS A YEAR

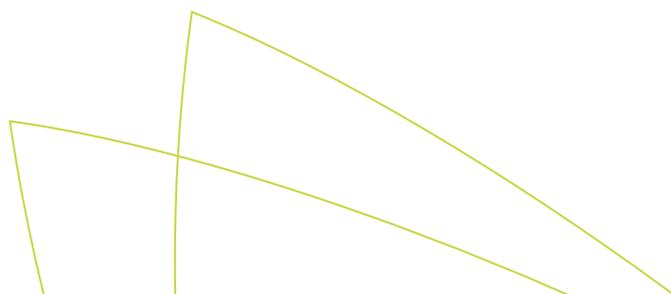

We offer three terms per year, so you can start your courses at the beginning of the year, mid-year or towards the end of the year. Term 3 is not compulsory – it is another study option to provide you with the opportunity to start your study at a time more convenient to you, or to fast-track your study and get into the workforce sooner. The Course Summary section of this guide provides a snapshot of the courses that are available in Term 3.

GLOBAL OPPORTUNITIES

CQUGLOBAL INBOUND PROGRAMS

CQUGlobal is CQUniversity's global mobility program allowing international and domestic students to undertake part of their studies in a different country. The program has two streams: CQUGlobal Inbound to Australia and CQUGlobal Outbound from Australia. For more information visit

www.cqu.edu.au/cquglobal.

	CQUGLOBAL INBOUND	CQUGLOBAL OUTBOUND
What it is	This stream is for students studying at overseas institutions. You can study for a term or an academic year at CQUUniversity, and gain credits that can be transferred back to your home institution.	This stream is for current CQUUniversity domestic and international students. You can study overseas from a choice of 30 countries across six continents.
Costs	AU\$7800 per term (based on full-time study load of four units) .	We have reciprocal fee-waiver arrangements with all partner institutions, which means you will only pay your regular student fees.
Scholarship and funding	Students from our partner institutions will get a scholarship to the value of AU\$1000.	You may be eligible for a scholarship, travel grant or student loan. For more information visit www.cqu.edu.au/scholarships .

CAREER PREPARATION

We are committed to ensuring that our graduates have the skills, competence and connections needed to build a successful career. Our courses are developed alongside industry to ensure that you gain up-to-date and relevant knowledge to prepare you for a seamless entry into the workforce. Many are accredited by professional bodies in Australia and overseas, and contain different forms of work integrated learning including internships, interdisciplinary learning, simulated real-world activities and clinical and industrial placements.

INTERNSHIPS

In 2015, to meet the increasing demands of employers for work-ready graduates, we introduced 8 – 10 week internships in selected courses. Currently an internship is available in the Bachelor of Information Technology, and we will continue to embed this opportunity in more courses.

Key Benefits

- » Gain a competitive edge over your peers in the global job market that is highly sought after by potential employers.
- » Build confidence in attending interviews and increase your chance of employment upon graduation.
- » Grow networks in your field of study that will potentially open doors for you in the future.
- » Opportunity to apply your academic knowledge into a workplace setting.
- » Undertake your internship at no additional cost and with no concurrent study so you can fully maximise your experience.
- » Complete your course within the duration as the internship is embedded within this timeframe.
- » Develop an understanding of Australian work practices and culture.
- » Access to a dedicated Internship Program Supervisor (IPS) that will monitor, train, guide and support you throughout your internship period.

For more information visit www.cqu.edu.au/internships.

CLINICAL PLACEMENTS

Students studying our health courses such as nursing, chiropractic, physiotherapy, podiatry, and occupational therapy are required by accrediting industry bodies to undertake clinical placements. The placements can take place with an external provider with which the University has strong industry links, or for those studying at CQUUniversity’s Mackay Oralea and Rockhampton North campuses, within the on-campus allied health clinics, where they will learn from health professionals and deliver supervised healthcare to students and the local community.

INDUSTRIAL PLACEMENTS

Project or industry based learning is integrated in a number of our engineering courses so that our students are capable of ‘personally conducting and managing an engineering project to achieve a substantial outcome to professional standards’, which is a requirement by Engineers Australia in order for them to be recognised as professional engineers. In our Bachelor of Engineering (Honours) and Diploma of Professional Practice (Co-op), students will undertake 48 weeks of work placement as well as project based learning to develop the professional skills required to work as an Engineer and graduate with one year of industry experience.

SOCIAL INNOVATION

CQUUniversity is the first and only university in Australia to date to be recognised as a Changemaker Campus by Ashoka U, an exclusive global social innovation group. Our goal is to equip our students with skills and knowledge, so that they can realise their potential when it comes to creating change. We do this through the design of our courses, the delivery of learning and teaching, work integrated learning opportunities, global study tours, and engagement with industry and community and government – all of which inform our approach to teaching and research.

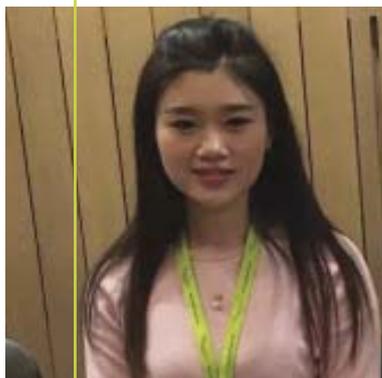

We have embedded social innovation into our postgraduate offerings and will continue to introduce elements of social innovation throughout our courses. By studying at a university that is heavily focused on social innovation, you will learn in a supportive environment where talent for social change and making a difference is nurtured and developed. You will also gain invaluable interdisciplinary, entrepreneurial and problem-solving skills that will prepare you for success in a dynamic and changing world.

UNDERGRADUATE OPTIONS

We offer a wide range of courses across multiple study areas and qualification levels including certificate, diploma, associate degree and bachelor degree. You can study any of these qualifications on their own or as a pathway.

“I love Australia because of its beautiful scenery and friendly people. What’s more the education system in Australia is well known all over the world. I chose CQUniversity because my university in China has an exchange program with CQUniversity. I fell in love with this university the first time I came here because of its multicultural atmosphere and the beautiful staff. The teaching staff are really helpful and I learn a lot from my peers through group work. I majored in Finance previously and there were some units relevant to management that interested me so much, so I wanted to learn more about business management. I plan to apply for my postgraduate study after I graduate.”

STUDY TOURS

CQUniversity also organises study tours which are short term programs tailored to specific needs. You can combine English studies with excursions to local attractions in Australia, including the Great Barrier Reef or feeding native Australian animals at a wildlife sanctuary. We have organised

study tours for professional groups, government ministries, high school and university students, and can customise a study tour to suit your subject area or group e.g. English for Nursing. For more information on study tours visit www.cqu.edu.au/cquenglishstudytours.

“I have chosen CQUniversity because of the advice from my agent and because the fee was affordable. CQUniversity in Sydney is located in the city centre, where we can reach wherever we want to go easily. One of the famous landmarks in the world, the Opera House, is only four train stations away from the campus. We have excursions constantly. The last time we had an excursion, we went to Coogee beach and had a barbecue and we saw a really special bay called Gordons Bay which took only 10 minutes to walk to. That was one of the most beautiful places I have ever seen. The teachers at CQUniversity are very educated and informed. They all have many years of experience in teaching and put their hearts into teaching.”

“ I chose to study IT because when I was young, computer was one of the most astonishing creations that took my interest. Moreover, IT is one of the rapidly developing trends in the world and it is still developing. The main aim for my studies is to expand my knowledge on my major in order to work in a great company, so that I can provide for my family in the future. In addition, my children can have a bright future and my family will live in a comfortable state.

I chose CQUniversity because it has a great educational system, good campus location and good activities on campus. I joined the Campus Life Committee (CLC) so I can contribute to my university and help out with social activities. The CLC is responsible for making the campus a more enjoyable place, being a platform to discuss about university affairs and to improve the campus experience for the students. By volunteering in the CLC, I hope to improve my social skills and teamwork skills which will assist me in my future job. ”

If you have successfully completed English studies, or study where the medium of instruction was in English at a university or post secondary school, or have an academic qualification that meets the English requirements, you may have met our minimum English requirements.

OPTION 3: ENGLISH LANGUAGE STUDY

If you do not meet the minimum English requirements, you can apply to study one of our English language courses with CQUniversity. You may gain entry to the undergraduate course upon successful completion of the required English language course.

“I appreciate studying and working at CQUniversity. As for the study part, I can say that I have spent a colourful and fruitful time here. I have learnt a lot from our professional and patient lecturers, who really tried their best to help students. I thank CQUniversity for giving the opportunity to gain work experience as an International Student Ambassador. This was a special experience. Working at the University made me feel closer to our students, be in a position to know their needs and help them better.”

STUDENT SUPPORT

As a student at CQUniversity there is an extensive range of support services available to help you reach your academic goals, enjoy your time at university and assist you to grow professionally and personally.

CAMPUS LIFE COMMITTEE

The Campus Life Committee was established to enhance the on-campus experience of all CQUniversity staff and students on each campus. The Committee's main functions include:

- » exploring opportunities to enhance the 'student experience' for staff and students through the pursuit of activities, events, services and social opportunities that will contribute to a more interactive, enjoyable campus atmosphere
- » contributing to student happiness and wellbeing, and
- » providing a vehicle for formal discussions.

ACADEMIC LEARNING CENTRE

The Academic Learning Centre (ALC) is CQUniversity's one-stop shop for information, support, advice and resources related to many of the study requirements in academic writing, mathematics, science and computing. For more information visit www.cqu.edu.au/alc.

STUDENT EXPERIENCE

Student Experience is CQUniversity's one-stop shop for all student information, advice and support needs throughout your journey from enquiry to graduation. Student Experience is comprised of four teams:

- » Student Advice and Admissions
- » Student Success
- » Student Communications, and
- » Corporate Events and Graduations.

CQUNI CAREERS

CQUni Careers offers career support services to prospective and current students as well as graduates in achieving their career development profession aspirations through career education, guidance and information. The team is dedicated to helping you build employability and job search skills as you prepare to be work ready in your chosen career. Current students are also able to access the online portal, CareerHub, to search for casual or part-time vacancies.

CQUNIVERSITY CAREER CONNECTION

CQUniversity Career Connection is our new careers mentoring program that connects our alumni to current students to provide them with career preparation, and promote confidence and success. Students will have the opportunity to access a database of potential mentors, communicate with them via phone or email, and gain career advice. The free mentoring program will enable our students to benefit from the skills and knowledge of our successful alumni.

LIBRARY SERVICES

Each campus library has an up-to-date book collection closely aligned to courses taught on campus and offers access to computers, printers and multimedia equipment. You will also have 24 hour access to a vast collection of online resources. For more information visit www.cqu.edu.au/library.

WELFARE SUPPORT

Welfare support is available to help you adjust to study and living in Australia including:

- » advice on airport pickup
- » accommodation assistance
- » enrolment and orientation for new students
- » student equity
- » OSHC
- » student mentor and leadership programs
- » care arrangements for students under 18 years old
- » confidential counselling and referrals to specialist services.

MULTI-FAITH AND DISABILITY SERVICES

Our multi-faith chaplaincy centre at our Rockhampton North campus is an inclusive and welcoming space for all students and staff regardless of their beliefs. There are also prayer rooms and quiet rooms across our other campuses. Our service also extends to students with a disability or health condition that may affect their participation on and off-campus. Disability support ranges from building access to exam accommodations to hardware and equipment such as adjustable desks and motorised scooter.

SCHOLARSHIPS AND FUNDING

A range of scholarships and funding is available to international students, including those that are funded by CQUniversity to award strong academic performance as well as enable our students to better reach their full potential and build on their education aspiration.

CQUNIVERSITY FUNDED

The Vice-Chancellor's Scholarship is available to support international students in all study areas at an undergraduate level of study. Twenty percent of our international students are recipients of this prestigious scholarship. We encourage all international students who meet the selection criteria to apply. We believe that this aspect of financial support is a key feature in the University's holistic provision of services to international students, and build on our strength as Australia's most accessible and inclusive university.

EXTERNAL ORGANISATIONS

STUDY AREA SPECIFIC

If you are a current international student enrolled at a CQUniversity regional campus in a specific study area and/or continuing into the second or third year of your degree, you may be eligible for a number of externally funded scholarships. Regional campuses include Cairns, Bundaberg, Gladstone, Mackay, Noosa, Rockhampton and Townsville.

“I have always been interested in nursing. After trying out different jobs I finally found the courage to come to Australia to study and accomplish my dream. I chose CQUniversity because it has a good reputation in nursing. I'm interested in rural and remote nursing.

By studying in Rockhampton I hope to gain lots of nursing experience in rural communities. The Vice-Chancellor's Scholarship has been a big help for me. I was able to prioritise my studies, and have been performing very well academically. What I like most are the knowledgeable lecturers and staff at the School of Nursing and the genuine support I get as an international student.”

Ivy Chung graduated with a Bachelor of Business (Marketing) in 2008. Within three months of completion, she gained employment as a Marketing and Recruitment Administration Assistant at CQUniversity, before furthering her studies with a Graduate Certificate in Management. After a little over a year, she secured a role as an International Recruitment Executive, where she enthusiastically implemented marketing and recruitment strategy for both onshore and offshore markets. Her work with the Mongolia market in particular was recognised at all levels.

Ivy is currently the International Business Manager at the University of Southern Queensland (USQ), where she is responsible for building and managing relationships with different stakeholders, enhancing the university's brand and profile internationally and developing strong enrolment pathways and growth for the business.

Ivy believes that her studies at CQUniversity provided her with all essential skills and knowledge needed for her career. Outside the classroom, she had support from career advisers who helped her find her first employment in Australia and lecturers who were also her mentors. Her best experience at CQUniversity as both a student and a staff member has been meeting people and making friends from different parts of the world including Thailand, Taiwan, China, Hungary, Pakistan, India, Nepal and Mongolia.

LIVING IN AUSTRALIA

Australia is a safe and modern country, with cities regularly ranked among the best in the world to live and study in. The cities offer vibrancy, cultural diversity, and a generally fast-paced lifestyle. Outside the cities, you can experience a more laid-back environment with a diverse range of outdoor activities and natural landscapes to enjoy.

STUDENT VISA AND HEALTH COVER

If you intend to study in Australia, you will require a student visa. As a student visa holder, you are required to have Overseas Student Health Cover (OSHC) for the duration of your studies. If you are under 18 years old, you are also required to have an approved guardian until you turn 18 and reside in a CQUniversity approved accommodation.

As of July 1 2016, DIBP has made changes to its student visa processes including the introduction of a simplified student visa framework (SSVF). SSVF is a change to the way DIBP assesses your eligibility for a student visa. For more information visit www.cqu.edu.au/studentvisas.

The University requires that you pay for your OSHC when you pay for your tuition fees. This will ensure that you have health cover upon arrival in Australia. The cost of OSHC will depend on the type of cover you need. For more information visit www.oshcallianzassistance.com.au.

ON-CAMPUS RESIDENCE

Living on campus provides a great environment to live and study in. It provides ease and convenience to your university life. CQUniversity has two on-campus student residences located at CQUniversity Mackay and Rockhampton North. There are many benefits of living on campus including:

- » opportunity to make friends from all over the world and local Australian students
- » learn about different cultures as you prepare and share meals
- » save on travel costs as you walk to class and on-campus facilities
- » save money as items such as meals, Internet, and utility bills are included
- » increased safety with campus security and individually keyed rooms
- » opportunity to get involved with social, community and cultural activities
- » social and academic support
- » casual work opportunities within the 'Earning While Learning' program
- » on-site manager and 24-hour live in staff
- » access to Residential Life team for ongoing pastoral care.

We have a team of friendly and highly experienced support staff on each campus to help you transition comfortably into studying and living in Australia. For more information visit www.cqu.edu.au/livinginaustralia.

Education Services for Overseas Students (ESOS)

CQUniversity and the Australian Government want international students in Australia to have a safe, enjoyable and rewarding place to study. Australia's laws promote quality education and consumer protection for international students.

These laws are known as the ESOS framework. For further information please visit www.cqu.edu.au/esos.
