Course Selection at the Gustavson School of Business

Undergraduate Studies

Each course is worth 1.5 units. Five courses (7.5 units) is a full load and three courses (4.5 units) is the minimum course load for international students. A list of business courses open to study abroad students will be sent out in early spring. Course selection is completed prior to arrival and the International Programs Office will register students in their courses. Changes may be made during orientation, but selection will be limited.

Before arriving in Victoria

A Study Permit is required for any international student attending school for longer than 6 months. Students of some countries require an Entry Visa (regardless of length of stay) in addition to a Study Permit. Please contact a Canadian Embassy to confirm requirements. Health Insurance

Starting Fall 2018, the University of Victoria has implemented a mandatory medical insurance plan which will cover exchange students for one semester while studying at UVic. If your student is studying at our institution for two semesters, he or she would have to purchase supplemental medical insurance to cover his/her second semester. The cost of this mandatory plan is CAD \$265.00 for the semester and must be purchased once the student is in Victoria. Study Abroad students cannot opt-out of this coverage.
