## Please send the following documents to:

Center for International Programs  
Humboldt State University  
1 Harpst Street  
Arcata, CA 95521-8299  
USA

**Completed Application**

**An official TOEFL or IELTS score report**, sent to us directly by the testing organization (Educational Testing Service for the TOEFL, International English Language Testing System for the IELTS).

**Official transcripts** which will be used to verify your grade point average (GPA). Transcripts in a language other than English must be accompanied by an official English translation.

**Completed Certification of Financial Support.**

**Non-refundable application fee:** check or money order for US \$55.00, made payable to Humboldt State University.

**This is waived for IEC students.**

**Health insurance:** You are required to have health insurance for the time you are enrolled at HSU. All international students are automatically enrolled in the CSU Healthlink program and must pay the fees each semester. You will be insured from 10 August for the fall semester and from 10 Jan for the spring semester.

---

## You will need to bring with you:

Your latest **transcript** (to show completion of classes needed as prerequisites for classes you want to take at HSU).

**Proof of measles immunization:** You are required to have been immunized (vaccinated) against **measles** to study at Humboldt State University. You must show proof of **two** doses of vaccine after age one. If you have been immunized against measles in your home country (or elsewhere), please bring proof of immunization to the International Center on the first day of orientation. If your immunization record is in a language other than English, it must be translated into English. You will be blocked from registering for classes until you have been cleared by the Student Health Center. Though the Student Health Center can provide these vaccines, they must do so at cost (approximately US \$45). As the Student Health Center does not bill insurance companies, it is best if you receive immunizations from your own doctor, where the insurance company can be billed and the fee may be lower.
