Choose your courses

List up to 6 courses in order of preference:

· Please refer to the course search webpage here for information on selecting courses.
· You will need to study a full time on-campus load. Students are required to study minimum 36–48 credit points per semester. Generally each course is valued at 12 credit points.
· Check that the course is available in your preferred semester and campus. All courses are recommended to be selected from the same campus, however due to close proximity of City and Brunswick campuses, it may be possible to select a mixture of courses.
· If you intend to study for two semesters at RMIT, only list courses for your first semester of study

Please note: This form does not enrol or register you and all courses are subject to approval by RMIT University and can change without notice.

RMIT Course Code	RMIT Course Title	Semester	Campus	Academic Level Eg Undergradate, Postgraduate	Credit points
